Summary

Motivated Full-Stack Developer (MERN) with hands-on experience in Frontend (React, Next.js, TypeScript, Tailwind) and Backend (Node.js, Express, NestJS, MongoDB). Skilled in building responsive web applications and scalable backend systems. Proven ability to deliver real-world projects including Ecommerce platforms, CRUD systems, and authentication solutions. Known for problem-solving, adaptability, and continuous learning through freelance projects and internships.

Technical Skills

Frontend: HTML5, CSS3, JavaScript (ES6+), React.js, Next.js, TypeScript, Tailwind CSS, Bootstrap, Vite

Backend: Node.js, Express.js, NestJS

Database: MongoDB (Mongoose), PostgreSQL (if you've used it)

Tools & Others: Git/GitHub, npm, REST APIs, Authentication, Responsive Design

Projects

Ecommerce Website (React.js)

Built a full-featured eCommerce web app with authentication, cart management, and responsive UI.

Ecommerce Platform (Vite)

Developed a lightweight eCommerce platform focused on speed and performance optimization.

Calculator App (JavaScript)

Implemented a fully functional calculator supporting arithmetic operations with vanilla JavaScript.

To-Do App (React.js)

Created a task management app using React Hooks for dynamic state management

CRUD System (JavaScript)

Designed a data management system with create, read, update, and delete functionality using localStorage.

.

Authentication & Role Management (Node.js/Express/MongoDB)

Developed a backend service for user registration, authentication, and role-based access control.

Experience

Freelancer – Upwork

Delivered frontend and full-stack projects for international clients, focusing on clean UI and efficient functionality.

Frontend Intern – Div Academy

Completed two internships as part of Modern Academy program, gaining practical experience in frontend development with React, JavaScript, and UI frameworks.

Education

Modern Academy – Cairo, Egypt

B.Sc. in Management Information Systems (MIS)

Expected Graduation: 2026

Certifications & Courses

Full-Stack Development Diploma – AMIT Learning

JavaScript & React (Udemy)

Backend Development with Node.js & Express

Languages

Arabic: Native

English: Very Good
